

Adult Outpatient Substance Use Treatment

Inspiring hope, health and recovery.

Our Commitment

It's said that a thousand mile journey starts with the first step. At Adapt we understand the challenges people face in seeking help for substance use and co-occurring behavioral health disorders.

Helping people achieve lasting recovery is our number one goal. We are committed to providing a safe, supportive and healing environment to help each person restore their health and rebuild their lives.

Who We Are

Since 1971, Adapt Integrated Health Care has provided community-based substance use treatment services to Southern Oregon. We offer a full continuum of essential care for individuals and families with substance use and co-occurring behavioral health disorders.

Our highly trained and dedicated counselors take a holistic approach to care—treating the mind, body and spirit—to help each individual on their personal journey to life-long recovery.

Who We Serve

We serve women and men age 18 and over and their families. Services are provided in Douglas, Coos, Curry and Josephine counties.

Treatment Services

Adapt's Adult Outpatient Program offers a range of programs and services designed to empower our clients to achieve success on their personal journey to health and recovery.

Referrals

We work with clients and their families to determine what services will best match their individual treatment needs and goals. We offer referrals to help ensure our clients receive the right care, at the right time, every time. For some clients, referrals may include medically-monitored detox, residential care or medication-assisted treatment.

Employer Services

Reducing employee substance abuse can help employers improve productivity, reduce workplace injuries, and decrease health care costs. Adapt offers specialized services for local employers, employee assistance programs and others to ensure a safe, healthy and drug-free workplace. Contact your nearest Adapt location to learn more about available services.

Insurance & Payment Options

We live by the philosophy that all people should have timely access to high quality and affordable care. Adapt is a private, nonprofit organization dedicated to providing quality and affordable care to all. We are a preferred provider for most major insurance plans, including Oregon Health Plan.

For those who are uninsured, we offer a sliding scale discount based on family/household size and net income. No one is turned away due to inability to pay. Our experienced staff will work with you to determine what your insurance will cover to make sure you get the care you need.
