

The Crossroads

Substance Use Residential Treatment

Detoxification & Residential Treatment

The Crossroads is an inpatient treatment center for adults. We are committed to providing a safe, supportive and healing environment to help each person restore their health and rebuild their life.

About Our Detoxification Program

Medically monitored and clinically managed detox services are the safest and most comfortable options for detoxification. Our licensed sub-acute residential detoxification program offers medically monitored and clinically managed detox to help adults safely and effectively detoxify from alcohol, opiates and other drugs.

Our patients are safely detoxed and physically stabilized under the care of physicians, nurses, and certified addiction professionals to ensure safety and comfort during this acute phase of recovery.

Discharge and continuing care planning are an essential part of patient care. Our skilled clinical team will work with you and your medical provider to arrange continued treatment to meet your treatment and recovery needs and goals.

About Our Residential Treatment Center

Residential treatment provides the structure, continuous care and professional support needed for sustained health and recovery. The Crossroads is a 21-bed residential treatment center that offers a safe, supportive and therapeutic treatment environment where adult men and women can restore their health and rebuild their lives. Patients often enter residential care as the next step after detoxification or medical stabilization.

Our skilled residential care team offers individual and group counseling, family counseling, individual skill-building to support recovery and other programs and services to help each individual continue on their path to recovery.

2022 Adapt Integrated Health Care

"An Oregon leader in primary care, behavioral health care, and prevention."

About Our Detoxification Program

Because everyone's needs are different, our skilled medical and behavioral health team offers an array of effective programs and services in a safe and comfortable environment to begin your recovery.

- Skilled behavioral health and medical staff
- Medically-monitored detox and stabilization
- Clinically managed "social" detox
- Individualized treatment planning
- On-site medical care with 24/7 staffing by nurses and other qualified personnel
- Referral to psychiatric and mental health care
- Transportation to appointments (e.g., child visits, medical, dental)
- Family programming to support loved ones
- Discharge and continuing care plans
- Recreational, social, and physical activities
- Healthy and delicious meals
- Smoke-free environment

"Health and recovery is a lifelong journey. We're here to help you along the way."

Continuing Care Planning

Continuing care management is an important part of your individual treatment plan. Your continuing care plan will help you to successfully transition from one level of care to another. Continuing care plans also provide a roadmap to support your ongoing treatment and recovery. Individual continuing care plans include:

- Ongoing support in early recovery, including self-help, outpatient counseling and medically-assisted treatment services
- Connections to continued behavioral health services
- Support to restore family relationships
- Help to develop community navigation and integration skills
- Assistance in gaining access to medical, housing, benefits, and other essential services
- Continued access to peer services
- Opportunities to share your success story with other Adapt clients

About Adapt Integrated Health Care

Adapt is an Oregon leader in primary care, addiction treatment, mental health care and prevention services. For over 50 years, Adapt has provided the highest quality care to individuals and families struggling with substance use and behavioral health disorders. Our clinicians rely on the most current evidence-based treatment practices and are committed to excellence and high-quality care.

Affordable Care

Adapt is a preferred provider for most major insurance plans and we work with Coordinated Care Organizations to provide quality care for Oregon Health Plan and Medicare members.

No one is turned away due to inability to pay. For un-insured patients, we offer a sliding scale discount based on family / household size and net income.

Our experienced intake team will work with you and your medical provider to identify your treatment needs, explore treatment options and assist with referrals and authorizations to help you get the care you need when you need it.

Contact Us Today!

Our experienced staff is available to assist you 24 hours a day, 7 days a week.
