Welcome to Adapt Integrated Health Care!

Thank you for giving us an opportunity to partner with you on your journey to good health. We look forward to meeting you at your first visit to our office.

At Adapt Integrated Health Care, there is no wrong door to care. Whether you're seeking medical care, mental health care, or substance use treatment, our providers and staff work together to meet your health care needs. We welcome new patients of all ages—children, teens, adults, and seniors.

As a patient of Adapt Integrated Health Care, you and your provider will work with other health professionals to coordinate your care. This is called your health care team. The most important person on your team is you. When you have concerns about your health, your health care team will help you get the services you need, when you need them.

Your health care team will keep a complete record of your medical history, health status, medications, test results, self-care information, and care received from other doctors. By getting to know you, your team can help you understand your healthcare needs and provide you with the information you need to manage your health.

To get started, just call or drop by our office to schedule your new patient appointment. In the following pages is information to help you prepare for new patient appointments for medical care, mental health care or substance use treatment. Our staff will help you complete new patient paperwork and discuss payment or insurance billing options. If you'd like to speed up your first visit, fill out your new patient packet ahead of time. You may print forms at home or request a packet be sent to you in the mail. We will provide you with a self-addressed, stamped return envelope.

Thank you for choosing Adapt Integrated Health Care as your health care home. We look forward to serving you.

Your Adapt Integrated Health Care Team

CONDITIONS FOR TREATMENT

Ancillary Service Providers and Staff

I understand that from time to time, other persons may be observing or facilitating my care including, but not limited to students of the health profession, and administrative or health care professionals in orientation or training.

Medical/AI Scribe Service (Scribe Services)

I understand that a professional medical scribe or AI scribe service (scribe services) may be used during my visit to assist my provider(s) with documentation at no cost to me. I understand that the scribe service may be virtual. I also understand that the medical scribe services follow a professional code of ethics that ensures that all medical information discussed with my provider(s) and other clinic staff will be kept confidential.

Telehealth Services

Your provider may offer telehealth visits. Telehealth visits are performed securely within the protected electronic medical record environment. You may decline participation in an individual telehealth visit by informing the person scheduling your appointment that you do not wish to have a telehealth visit. Some providers and services may only be available via telehealth. The visit is documented in the electronic medical record in the same way an in-person visit is documented.

Disability Certification and Special Accommodations

I understand that the health center limits services provided to those that are clinical in nature. Any requests for additional administrative services, like disability certification and special accommodations, that require a determination of disability will have to be provided by a medical or behavioral health provider at another location. Paperwork for short-term disability or FMLA/OFLA by an Adapt provider may be completed and will be subject to a \$25 administrative fee. The reason for this policy is to avoid having the performance of administrative functions interfere with patient care.

Financial Responsibility & Billing Consent

All clients are responsible to pay in full for all services. I understand that it is my responsibility to check with my insurance company to verify coverage of services. I understand that I am responsible for any deductibles, co-pays, coinsurance, non-covered services or services deemed "not medically necessary" by my insurance company. Co-pays and coinsurance will be collected at the time of service. I may also choose to not bill my insurance for a specific visit, and I will then be responsible for the full cost of undiscounted services provided to me at that visit. I understand if my check is returned for non-sufficient funds (NSF) or written on a closed account, I will be responsible for a \$25 processing fee. I understand that if I do not make my scheduled payments and/ or do not make payment arrangements with Adapt billing department, my account may be assigned to a third-party collection agency.

Assignment of Insurance Benefits

I understand that this serves as a direct assignment of my medical benefits from Medicare, Medicaid, other government carrier, or any commercial/ private insurance carrier, to be paid to Adapt. If I receive payments directly from my insurance company, I agree to bring them to Adapt for payment on my account.

Laboratory Information:

- In-clinic tests are courtesy billed to insurance companies by Adapt.
- Samples collected and sent to outside labs will be billed by the performing laboratory. Some locations have Mercy and Cordant available on-site for patient convenience but are not part of Adapt.

Fee Based Charges for Civil Subpoenas

For subpoenas issued for a civil matter, Adapt will invoice the attorney or other requester (plaintiff or respondent) a flat rate of \$1000 per clinician per day. An invoice should be provided to the requester and should be paid prior to the appearance date. Waivers such as those for income considerations can be considered on a case by case basis.

Referrals

I understand that I may choose to receive diagnostic test(s) or health care treatment/service at a facility other than the one recommended by my health care practitioner. I understand that if I choose to have the diagnostic test, health care treatment or service at a facility different from the one recommended by my health care practitioner, I will be held responsible for determining the extent of coverage or the limitation on coverage as applicable. A health practitioner may not deny, limit or withdraw a referral solely because I choose to have the diagnostic test or health care treatment or service at a facility other than the one recommended by the health care practitioner.

Phone Messages, Texting, and Emailing

We may contact you about your healthcare using the phone numbers and email addresses that you provide us. This may include using an automated phone dialing system, pre-recorded or synthetic voice messages, texting, or email. When we contact you in this manner, you will be given the opportunity to opt out of receiving similar communications going forward. Our messages may include, but are not limited to, information about appointment reminders, discharge planning, billing, prescription reminders, research opportunities, our products and services, treatment alternatives, your general health, and regulatory notices provided in lieu of first-class mail. Because texts and emails are not encrypted, there is a risk that someone else could read or access these messages. We therefore take steps to limit the amount of protected health information that they contain. If you do not wish to receive these types of text or email messages, please let us know, and we will have you sign our opt out form. You may also opt out from receiving text messages from Adapt at any time by replying STOP to any text message received.

Advanced Directives

I acknowledge that Adapt provides an opportunity at admission to complete or provide copies of any advanced directives. If I receive services from any Adapt state certified behavioral health programs, staff will provide me information about the Oregon Declaration for Mental Health Treatment Form, its purpose, and contact information for a person who can answer additional questions.

Voter Registration

I understand that staff will offer an opportunity to register to vote during admission.

Notice of Privacy Practices

I understand that it is Adapt policy to offer patients a printed copy and chance to review the HIPAA Notice of Privacy Practices.

Patient Rights

In addition to the HIPAA Notice of Privacy Practices, I understand that it is Adapt policy to offer patients a printed copy and chance to review the following upon admission to any of Adapt state certified behavioral health programs:

- Individual Rights Policy
- Grievance Policy and Form
- Service Delivery Policies

Important Information for the Client

To provide or pay for health services: If Adapt Integrated Health Care is acting as a provider of your health care services or paying for those services under the Oregon Health Plan or Medicaid Program, you may choose not to sign this form. That choice **will not** adversely affect your ability to receive health services **unless** the health care services are solely for the purpose of providing health information to someone else and the authorization is necessary to make that disclosure. (Examples would be: assessments, tests, or evaluations).

Your choice not to sign **may affect** payment for your services if this authorization is necessary for reimbursement by private insurers or other non-governmental agencies.

This is a Voluntary Form. Adapt Integrated Health Care cannot condition the provision of treatment, payment, or enrollment in publicly funded health care programs on signing this authorization, except as described above. However, you should be given accurate information on how refusal to authorize the release of information may adversely affect coordination of services. If you decide not to sign, you may be referred to a single service that may be able to help you and your family without an exchange of information.

You are entitled to a copy of this authorization.

This authorization is voluntary and is meant to confirm your directions.

Redisclosure: A written consent to use or disclose records for treatment, payment, or health care operations may be subject to redisclosure by the recipient and no longer protected by this part.

This consent cannot be combined with a consent for use and disclosure of records (or testimony relating information contained in a record) in a civil, criminal, administrative, or legislative investigation or proceeding.

Help Using This Form: Terms Used: Mutual exchange allows information to go back and forth between Adapt Integrated Health Care and the person or organization listed on the authorization.

Assistance: Whenever possible, an Adapt Integrated Health Care staff person should fill out this form with you. Be sure you understand the form before signing. Feel free to ask questions about the form and what it allows. You may substitute a signature with making a mark or by asking an authorized person to sign on your behalf.

Minors: If you are a minor, you may authorize the disclosure of mental health or substance abuse information if you are age 14 or older; for the disclosure of any information about sexually transmitted diseases or birth control regardless of your age; for the disclosure of general medical information, if you are age 15 or older.

Special Attention: For information about HIV/AIDS, mental health, genetic testing, or alcohol/drug abuse treatment, the authorization must clearly identify the special information that may be disclosed.

By reading and signing this form, I accept my rights and responsibilities as a patient and consent to the treatment and services provided by Adapt. In addition, by signing this form, I certify that I have not withheld insurance coverage information existing at the time of this service and that no other insurance coverage exists beyond that which I have provided. I accept full responsibility for all charges whether they are covered by insurance or not. I have authorized Adapt to release all information necessary to my insurance company to make payment. I have read and understand the above information and give authorization for payment of insurance benefits to be made directly to Adapt for services provided, including my substance use treatment information as part of the single consent for treatment, payment, and health care operations.
